In Partnership with Sheffield Hallam University

Sheffield Hallam University (SHU) is proud to partner with [UK Partner] to enable people to access higher education close to their homes and in environments which empower them to learn. Through the UK Educational Partnerships team, SHU provides an agile and flexible service designed to create the circumstances that enable the University to collaborate effectively with its partners and stakeholders. The results are tailored, partner focused solutions enabling broadening access and progression through franchised and validated higher education courses.

SHU work in partnership with a number of Further Education Colleges and specialist educators to provide a wide range of courses such as Foundation Degrees, Certificates of Higher Education (Cert HE), full degrees and Higher Technical Qualifications (HTQs). Students who successfully complete a Foundation Degree, Cert HE or HTQ, can apply to 'top up' to a full honours degree at Sheffield Hallam University.
