Talent & work

CAREERS AND INTERNSHIPS

We support students throughout their academic career for their subsequent integration into the labour market.

Agreements with companies:

we work with more than **4000 partner** companies to carry out work experience in national and international companies.

Internships:

- **Curricular internships:** these programs, included within the curricula, allow students to apply and complement the knowledge they acquire in their academic training.
- **Extracurricular internships:** students have the opportunity to apply theoretical knowledge to the world of work, access companies and establish contacts.

CAREER GUIDANCE SERVICE

We provide students professional advice and offer them the tools to develop a personalized career plan with a professional itinerary.

CEU EMPLOYS

The University is a space for knowledge and interdisciplinary collaboration in which different initiatives are carried out with the aim of increasing the employability of students. So we have set up an **Employability Advisory Board** with top business leaders to help students understand the current and future job market. This way, we can adopt a practical approach that can contribute to students' holistic development during their educational period until they enter the labour market.

LABOUR OBSERVATORY

Multidisciplinary research field focused on the analysis of labour market dynamics, the integration of our graduates and new employment opportunities.

MICROCREDENTIALS

To help you build credibility with professionals in your sector, CEU Universities have implemented microcredentials, the qualifications of the future, in their undergraduate degrees.

As a UAO CEU student, in addition to obtaining your degree, you acquire a series of personal and professional skills that are highly desired by future employers and that provide you with added value in the competitive, demanding labour market.

What is a microcredential?

- It is a digital certification that recognizes and accredits a learned skill.
- It gives you visibility to employers or in the job market.
- It provides security to the employer, who, with a single click, will be able to see the experiences that underpin those skills.

How do you get them?

By participating in various learning experiences provided by the University:

- University Sports Competitions
- Entrepreneurs Club
- Debating Society
- Communication Workshop
- Theatre
- University Choir
- Pastoral and/or Volunteering Activities
- Career Guidance Days
- Student Mentoring Program
- Student Council (course delegates)
- Growth Path for Students Program

How do you share them?

- UAO CEU microcredentials are generated using Open Badge technology through the world's leading platform **Badgr.com**.
- You can include them on your LinkedIn profile, on your website, on your CV or on your professional work pages or profiles.

Which UAO CEU microcredentials can you get?

The University awards credentials in the following skills:

- | | |
|------------------|--------------------|
| • Self-knowledge | • Personal growth |
| • Leadership | • Communication |
| • Teamwork | • Innovation |
| • Solidarity | • Entrepreneurship |

AUDIOVISUAL COMMUNICATION

The background image shows a modern interior space. On the left, there is a large, recessed rectangular area in a white wall, illuminated from within, creating a bright red glow. To the right of this area is a white door. Further right, there is a glass partition wall, through which a red carpeted floor and some office furniture are visible. The ceiling is white with recessed lighting. The overall color palette is dominated by red and white.

Audiovisual installations with state-of-the-art equipment. A multimedia space that includes a television studio, production/broadcast control, sound studio, photography studio, radio workshop and digital editing room. In short, an environment with all the technological possibilities where students can put into practice what they have learned in professional situations.

INTERNATIONAL Projection

The Abat Oliba CEU University is a member of the main associative organizations of the international university system:

- European University Association
- Federación Internacional de Universidades Católicas
- International Council of Universities of Saint Thomas Aquinas (ICUSTA)
- Association Européenne des Facultés Libres
- Xarxa Vives d'Universitats

Personalized FINANCIAL Plan

METHODS

The University offers a personalized financial plan so that all talented students have the opportunity to become students of the UAO CEU.

Once the reservation of your place has been formalized, you can pay the remaining amount of your course fees in the following ways:

- **Single payment.** If you make a single payment, you will enjoy a discount of 3% of the registration fee.
- **Installments.** You can pay your registration fee in 5 installments per course.
- **Monthly payment** in 10 installments through special bank financing with CaixaBank at 0% interest. If you pay through monthly payments, you will also enjoy a discount of 3% of the registration fee.
- **New special financing.** New bank financing agreements with special conditions with Banc Sabadell, CaixaBank and Banco Santander. These also carry a discount of 3% of the registration fee.

INSURANCE

- **Continuity of studies insurance.** All our undergraduate students have a continuity of studies insurance that, in the event of the death of one of their legal guardians (father, mother or head of the family) during the course of their studies, covers them in full until they complete their studies at the UAO CEU.

How to become A STUDENT

1

APPLICATION PROCESS

You can apply for a place through the Future Student Portal on the University's website
