REMARKS

At ELISAVA, we use a semestral system, with an amount of 30 ECTS credits each semester, for a total amount of 60 ECTS per year.

According to this structure, we offer:

- a) Several modules of elective subjects, during each semester of 3rd and 4th year, in which exchange students integrate mainly, for a total amount of 30 ECTS/module, focused on Design (graphic, product, interior and Interaction design specialities) and Industrial Design Engineering (design & materials, development & simulation, and management & data specialities).
- b) Individual subjects in 2nd 3rd and 4th year, depending on credits requirements of each partner university.

The specific offer of subjects and course catalogue for the academic year 2023-24 is available at:

<https://www.elisava.net/en/undergraduate-degree-design>

<https://www.elisava.net/en/undergraduate-degree-industrial-design-engineering>

Courses and programmes **not available** for exchange students:

- Final Degree Project course (4th year).
- "Study Abroad" programme
- Master degrees
- Postgraduate degrees

Exchange students will send their provisional LA before starting their exchange period and will be allowed to make some changes to the courses once they are registered at ELISAVA, depending on availability of places.

After the publication of the final results, exchange students' Transcripts of records will be sent to their home University International Offices by e-mail.
