UMPRUM has **29 WORKSHOPS** (ranging from metal and ceramics to lithography and model-making) most of which are located in the newly designed Technology centre UMPRUM in Mikulandská street.

UMPRUM also offers **workshop-based courses for the public** (both Czech- and English-speaking) throughout the academic year and over the summer holidays.

- 1 Darkroom
- 2 3D print
- 3 Letterpress workshop
- 4 Jewelry workshop
- 5 Technology center UMPRUM

# WHAT SETS UMPRUM APART?

**High competition for places** results in a small student body, which nurtures **an individual approach to each student** across the school's respective studios and study programmes.

Students taught by **renowned professors and leading authorities** in their respective fields as well as by **international guest professors**, who are invited each semester as part of the Visiting Artist Studio.

**Specialised above-standard workshops** in each field of study complemented by a wide range of theoretical classes.

**Two gallery spaces** in the centre of Prague for use by students. Historic library with a vast collection of publications in multiple languages.

**Collaborative projects** between students and Czech and international manufacturers such as **Škoda Auto, Volkswagen, Nike, Mikov, Bomma, Preciosa, Vitra, Hermés, Baťa, and Moser Glassworks**.

Students take part in prestigious international exhibitions and design fairs including **Salone Internazionale del Mobile in Milan, Ars Electronica Festival, Brussels Design September** or **Dutch Design Week**.

**Bilateral agreements with more than 60** European and non-European **partner schools and membership in CUMULUS** – the International Association of Universities and Colleges of Art, Design and Media and **ELIA** – a globally connected European network that provides a dynamic platform for exchange and development in higher arts education.

# THE ACADEMY OF ARTS, ARCHITECTURE AND DESIGN IN PRAGUE (UMPRUM)

The Academy of Arts, Architecture and Design in Prague (UMPRUM) was founded in 1885 as the first school of its kind to be established in the Czech lands. Today it is **a modern, dynamic and outward-looking institution** that consistently ranks among the most prestigious art universities in Western and Eastern Europe. The school is **located in the historical centre of Prague and housed in an original Neo-Renaissance building** that features traditional atelier-style studios.

## TECHNOLOGY CENTRE

In November 2021, UMPRUM launched a new technology centre in Mikulandská street, which is ten-minute's distance from the main UMPRUM building in Jan Palach Square (náměstí Jana Palacha). The new UMPRUM centre is the most modern building of its kind in the Czech Republic that can fully compete with all of the top art schools in Europe. It provides students with above-standard workshop facilities in a highly sophisticated space for creation. The grandiosity of the building allows for joint meetings and events such as conferences, exhibitions, fashion shows, lectures, and screenings to be easily implemented. The fundamental idea of the building is to be open, spatial, interdisciplinary, intellectual, and inviting to the public.

## IMPORTANT DEADLINES

- **15th May**  
**Application deadline for Master's degree programme in English**
